

VOTING INSTRUCTIONS:

BE PREPARED – Before you visit the polls on Election Day, make sure you have read your sample ballot and voter guides and have marked your choices for each contest. Being prepared will expedite the voting process and help everyone avoid delays when visiting their polling place.

DRAW THE LINE – To ensure your vote counts, you must connect the arrow as illustrated with a black ball point pen only, to the right of your selection in each contest. Draw the line only once. You must connect the arrow completely or your vote may not count.

Correct

WRITE-INS – To vote for a qualified write-in candidate, write in the person's name on the blank line provided and connect the arrow.

BEWARE OF THE OVER-VOTE – Each contest lists the number of acceptable votes at the top of the list. Be sure to check this number before marking your choices. If you mark less, the votes will still be counted, but if you mark more, none of your votes for that contest will count. To ensure your vote counts, do not vote for more than allowed.

MEASURES – Vote only YES or NO. If you mark both, your vote will not count.

IF YOU MAKE A MISTAKE – Do not correct an error on your ballot. Simply take your ballot to a poll worker and request a replacement ballot. They can provide you a new ballot - up to three. Once you cast your ballot, you cannot receive another ballot.
